

To the FCC,

I would like to tell you briefly the importance that the ministry of K-love has on my community and my life. I have listened to K-love ever since the station came on the air in Bend, Oregon about 5 years ago. It impacted my life then and still does today even though I live three hours away in Newberg, Oregon. I used to listen to the junk (you know what I mean) that is on secular music where there “root” reason for doing business is Mon\$y. K-loves “root” reason for doing business isn’t money but instead it is to encourage and be a refuge to the hurting, with or without a faith, in our communities. Because K-loves nationally syndicated filing they have the ability to reach a multitude of people creating many refuges of shelter from the storm of life. They provide many resources, assisting the basic needs of people from food and shelter to abuse aid and counseling (24 hr. help line). If K-love were to be dispensed and an LPFM broadcaster take over in its place it would be an extreme loss to our communities. Now does K-love change my life? No, Christ did that. They are just the helping hand along the way of life.

Thank you for your time and I will be praying that you will make the best decision. *“In a business world where \$uccess is the catalyst for more \$uccess, wisdom is absent”* Please use wisdom as your catalyst. Thank you,

Jimmy Tchalemian, devoted K-love
listener
